

ACTHA: Illinois' Most Focused Resource for: Community Associations Board Members Owners

You know ACTHA for its unique focus: serving community associations of all sizes, solely in Illinois.

For more than 25 years, we have helped our members solve day-to-day challenges, capitalize on longer-term opportunities, and influence legislative leaders in Springfield. All with an important goal in mind: creating more vibrant, enjoyable and stronger community associations.

Now ACTHA presents a certification program specifically for community association board members and leaders who wish to advance their qualifications to a higher level.

ACTHA's certification program is called "Learn and Lead." We invite you to join your peers by enrolling in this exciting educational program.

We look forward to your participation in our Learn and Lead program.

Learn and Lead

The cornerstone of education and certification for community association leaders

Presented by ACTHA

www.actha.org

Get certified to
LEARN and LEAD
and strengthen your association

Learn and Lead, the first certification program of its kind nationally, is the best way to increase your knowledge of proven practices employed by successful community associations. ACTHA awards the ACTHA Certified Leader credential to those who successfully complete the program.

Key Program Benefits

Home ownership is the biggest investment many people ever make. Protecting that investment is therefore essential. ACTHA leaders designed this certification program with that purpose in mind. You can expect to gain:

- > A well-rounded knowledge base for community association leadership
- > A solid foundation in the fundamentals of the multiple disciplines related to community association administration, governance and communication
- > Skills and tools to make you a more respected and influential leader

Are You a Good Candidate for This Program?

This program is designed for individuals who:

- > Currently serve on a community association board and wish to broaden their knowledge
- > Are considering running for a board position and want to demonstrate their qualifications
- > Wish to know if their current board members are on course
- > Want to be able to work knowledgeably with professional service providers, including attorneys, engineers, contractors, city inspectors, property managers, accountants, auditors, insurance agents and more
- > Wish to keep abreast of current law affecting their association
- > Own property in a community association
- > Provide services to associations and want to learn how associations and providers cooperate as partners to further association goals

Is This Program Suitable for Your Community Association?

Yes! This program works for:

- > Small, medium and large associations
- > Self-managed properties
- > Properties using professional management

Program Information

- > Six modules, each consisting of 90 minutes of classroom education
- > After each module, a multiple-choice exam requiring a 70% score to pass
- > Sequential order recommended but not required
- > Completion of all six modules within a two-year period
- > Advance registration strongly encouraged for those seeking certification
- > The awarding of the ACTHA Certified Leader credential at an ACTHA conference to those passing all six modules (need not be present to receive the certificate)
- > Certification valid for five years
- > Certification renewable following a two-hour refresher course within two years of expiration

Schedule
